

Automotive brokerage Event at the International Suppliers Fair

Event Type: Brokerage Events

Start Date: 28-Oct-2008

End Date: 29-Oct-2008

City: Wolfsburg-Germany

Country: Germany

Description:

The Fair:

The IZB (29.-31.October 2008) in Wolfsburg - Headquarter of Volkswagen, Germany - has become an international platform for automotive competence with over 600 exhibitors from 21 nations and more than 40.000 visitors in 2006.

The IZB is a suppliers fair directly linked to the Volkswagen group.

The entire spectrum of automotive competence, like representatives from leading automobile manufacturers and tier 1 suppliers, will be present.

In the frame of the fairs supporting programme the German-Indish Automotive Congress will be held on 28th of October.

The Brokerage Event:

The brokerage event, organised by the Enterprise Europe Network, offers suppliers from the automotive sector the opportunity to meet potential co-operation partners in prearranged face-to-face meetings. In the frame of the brokerage event interested organisations will be able to meet up to 20 potential partners. Therefore an electronic catalogue with the co-operation profiles of the participants will be published in the run-up to the event. On the basis of this catalogue the participants will be enabled to identify potential partners and to arrange the meetings.

Participants of the brokerage event are although invited to the Opening event of the IZB - with participation of the CEOs from Volkswagen and Tier 1 suppliers.

Key areas of the Fair and the brokerage Event:

- o Electrics, electronics and mechatronics
- o Assembling and joining
